SUPPLEMENTARY INFORMATION:

By this notice, the FHWA, on behalf of Caltrans, is advising the public of final agency actions subject to 23 U.S.C. §139(l)(1). Effective July 1, 2007, the FHWA assigned, and

Caltrans assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Notice is hereby given that Caltrans has taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following project in the State of California: The City of Dublin, in cooperation with Caltrans, City of Livermore, Alameda County, and the FHWA, proposes to extend Dublin Boulevard approximately 1.5 miles (mi) eastward through eastern Dublin and an unincorporated portion of the County, terminating at the boundary between the County and Livermore city limits (the Project). The purpose of the project is to improve east-west local roadway connectivity between the City of Dublin and the City of Livermore, and improve mobility, multimodal access, safety and efficiency for all roadway users. The purpose is also to indirectly relieve vehicular congestion in the region by providing a completed freeway reliever route along the north side of I-580 between I-680 and Route 84 (Isabel Avenue). The actions by the Federal agencies, and the laws under which such actions were taken, are described in the Final Environmental Assessment (EA)/Finding of No Significant Impact (FONSI) for the project, issued on February 1, 2021, and in other documents in Caltrans' project records. The FEA, FONSI and other project records are available by contacting Caltrans at the addresses provided above, or can be viewed and downloaded from the project website at: <https://dublin.ca.gov/1919/Dublin-Boulevard-Extension>
